Energy reduction for Textiles Manufacturer

ERIKS Pump Technology reduce costs for customer

ISSUE

The customer, a large manufacturer of furnishing fabrics was using a generally inefficient pump with capabilities that far exceeded its requirements. New pump quoted with smaller power requirements.

SOLUTION

ERIKS quoted for a new pump with smaller power requirements; a Split Case Pump from Grundfos. This change in pumps created a saving for the customer through reduced energy consumption.

OTHER BENEFITS

- Savings through reduced energy consumption

FURTHER COMMENTS...

ERIKS know-how allowed them to analyse the pump requirements and suggest a more suitable solution which resulted in savings for the customer.
