

## Summary

<b>Industry:</b>	Food - Bakery & Cereals
<b>Application:</b>	Icing Sugar Pump
<b>Actual Saving:</b>	£6010
<b>Payback Period:</b>	1 year

## ERIKS Pump Know-How Reduces Costs

Product knowledge provides reliable replacement at lower overall cost

### ISSUE

An ERIKS customer in the food industry had been using Waukesha Rotary Lobe to pump high viscosity icing sugar; however, the high price of new pumps and spares were becoming a problem.

### SOLUTION

Following a conversation with the local ERIKS pump application engineer it was suggested that switching the pump to Wright pumps would help solve the issues they were experiencing.

The new Wright pumps and spares are manufactured identical to that of Waukesha and can be sourced through Best Pumps, vastly reducing the costs to the customer.

### OTHER BENEFITS

- Customer manufacturing up time
- Lower cost spares
