## ERIKS Know-How Minimises Downtime

ERIKS Pump Experts Complete a Pump Refurbishment in Less Than 24 Hours

### ISSUE

A food processing company got in touch with ERIKS asking them to assist with the sourcing of urgent spares for a critical pump on their site which had recently failed, causing production downtime.

The required parts were major components and were on a 6 week lead time. Due to the urgency of the situation, ERIKS experts undertook the refurbishment of the original parts.

### SOLUTION

The repairs were completed within 24 hours and ensured that the production process was not interrupted. The cost of the refurbishment was also significantly lower than the cost of the replacement parts.

### OTHER BENEFITS

- Reduced Costs
- Reduced Downtime
- Know-How

### FURTHER COMMENTS...

ERIKS know-how helped the customer avoid a 6 week downtime period.
